

A Magazine of Nature, Science and Culture

With its long affiliation with the American Museum of Natural History, *Natural History* is the authoritative voice that our curious readers turn to for informed insights and understanding of natural phenomena.

Our Readers are Leaders

Virtually all our readers are college educated, affluent men and women, who are extremely active in their personal lives and take very seriously their civic responsibilities. They exert a strong influence on the people around them, on their local communities, and on national policy.

Attended/graduated college	96.9%
Professional/Managerial	74.4%
Median Household Income	\$109,000
Men/Women Ratio	48.5/51.5
Median Age	57.7
